

Dusanov Zlatnik - Whitepaper

A Symbolic Token of Cultural Legacy

© 2025 Dušanov Zlatnik. All rights reserved.

Introduction

Dusanov Zlatnik is a symbolic digital token inspired by the golden currency of the Serbian Emperor Dusan the Mighty. It represents a digital testament to our cultural heritage, unity, and historical pride. With a capped total supply of 11,000,000 tokens, each token is a tribute to every Serb across the world.

Mission and Vision

Our mission is to preserve and promote Serbian cultural identity in the digital age. The vision is to create a token that has spiritual and symbolic value, not speculative or commercial.
